

Preston's Pursuit FOR ACCEPTANCE

HB 2330 Moves Forward: A Major Step for Disability Inclusion!

HB 2330 (Voluntary Disclosure; Disability; Licenses) is making great progress! With unanimous support from the Senate's Public Safety Committee and strong backing from the governor, we are on track to see this bill signed into law.

Sponsored by State Representative Julie Willoughby, this legislation will allow individuals to voluntarily disclose disabilities on identification, promoting safety and awareness. We are grateful for the incredible support and excited to see this become a reality!
